FUN & FRIENDLY SWIM INSTRUCTION

We incorporate age-appropriate toys, songs, games, and other specialized techniques to make swimming lessons fun and friendly. We want your child to feel safe and secure as they embark on a journey to the lifelong sport of swimming. Our goal is to make learning to swim the best part of your child's day!

GROUP LESSONS

We focus on small group instruction (~4 students per teacher). Keeping our classes small allows our instructors to work individually with each child. Working in small classes helps students to learn from each other.

GROUPS (Approximately 4 students per teacher)

Six 40-min sessions | \$45 per student

PRIVATE LESSONS

Private lessons are available for children or adults whenever special attention is needed or desired. Private and semi-private lessons allow participants to receive individual attention to improve and refine their skills. Whether you are learning to swim or perfecting your stroke for triathlons, we want to help you improve!

PRIVATE (Maximum one student)

30-min sessions | \$25 per session

SEMI-PRIVATE (Maximum two students)

30-min sessions | \$30 per session
